Did You Know?

Praise is just as important as providing food and shelter for a child. Praise is an important aspect of raising a confident child. When you praise a child, not only do you raise their self-esteem and self-concept, but you increase their overall self-worth. One thing you can do is focus on the child and describe what you see. For example, you can say, "You are so patient. That means a lot to your little brother." For more tips on praising children, please email: jvienna@la-archdiocese.org or call (213) 637-7227.
